

The staff of Lincoln Elementary Community School has decided to have a fundraiser to help cover the cost of materials for our Positive Learning Environments rooms as well as to support some release time for teachers to participate in common marking sessions with colleagues to support student learning.

We have decided to sell bags of “Kernels” flavored popcorn. The pre-popped popcorn comes in single serving potato chip sized bags. These are in sealed bags, just like a bag of potato chips. The following flavors sell for \$2.00: White Cheese, Buttersalt, Dill Pickle and Salt & Vinegar. Kettle Corn will sell for \$2.50. You may mix and match flavors and order as many bags as you would like to sell.

We are hoping that each child will be able to participate in this fundraiser – everyone loves popcorn! Children should not go door to door but can sell to family and friends. It would also be helpful if parents can gather some orders from work.

We are sending a pre-order form so that you can gather your orders and funds prior to the popcorn arriving. Please gather your orders for the next two weeks and we ask that **all order forms be sent in no later than October 7th. We will then place our order and these will arrive 1 week later.**

Money should be sent in with the pre-order form, if possible. It would be very helpful if parents could indicate who has paid and what amount of money is with the order, and place all of this in an envelope with the child’s name and class on the front. Please sign the order form indicating you have given permission for your child to participate.

Parents will need to pick up any large orders when they arrive.

Lincoln Elementary Community School thanks you for your support!
